For You

1. GROOMING

Kool King Productions at the start of 2026, had been called out for grooming a minor at the time, in which we'll refer to as "Ame" to keep the victim anonymous. Ame who was a minor at the time, and Kool King Productions is around his 20's, Kool King Productions had his obsession with Ame, disguised as a "sibling bond", one of which was the constant hugs, pets, pecks and boops, where Kool King himself never asked Ame about it and instead jumped the gun. Most of the time without asking Ame. (Keep in mind that Ame was a minor at the time when Kool King interacted with them, as they didn't know any better at the time.)

2. DEFENDS A PREDATOR

For further context on who he defends, this is who he defends (Kari AKA ChaosAngel) take your time to read this before taking a deep dive:
https://docs.google.com/document/d/1xoJ_CPCg3kwvzQdeYzZcTxPZ6Wbe3amIze4CBrQ37Ao/edit?usp=sharing

Now what does this have anything to do with Kool King defending a predator? Well.. He has shown on multiple occasions where he has defended that said predator, observe.

I'm willing to do all of that, under some conditions. (I haven't updated the Raphael sheet in a while so not sure how to tackle that yet)
No more spying on us. Meaning no screenshots, no backtalking, no nothing (if I hear someone is stilling being a spy, I will call out for how immature he handled the AI incident, and that he needs to let go of his grudge against ChaosAngel)
No more stalking on my socials (admitted to stalking my Twitter in his post)

Alright

It’s even shown that he never cared about the victims, and still associated himself with that said predator. Even to the point where he’s making the said predator the main voice of Amethia for his series “ACO” as of currently.

Señor Yoshi 2025-12-23 6:18 AM
Okay. SO!!!

The VA I had for Amethia at the time had to quit due to personal matters, and said they d

Now ofc I had the backup VA as a last resort

But that's already out the window due to some unfortunate events

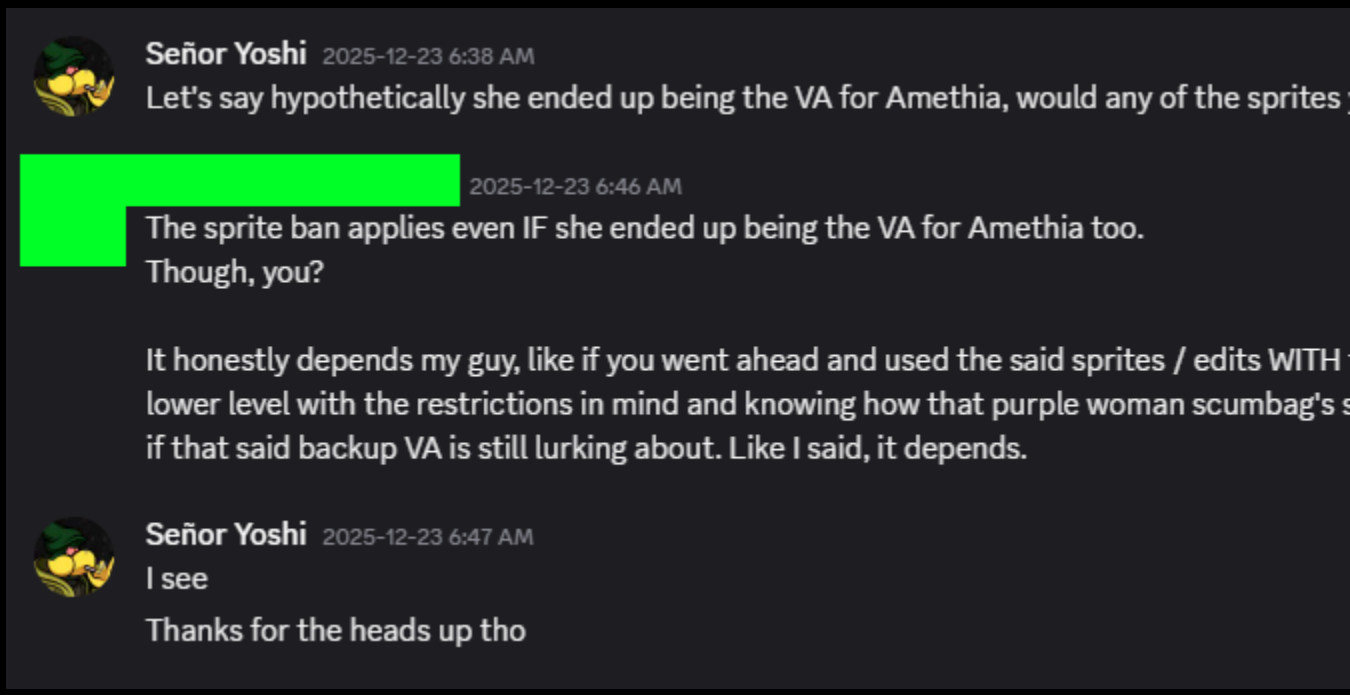
Do you know anyone who can pull off the Amethia impression?

[redacted] 2025-12-23 6:21 AM
Hmm, I know [redacted] used to VA Amethia in the old version of the prolouge, so, that's one
So, there's technically two options in a sense

Señor Yoshi 2025-12-23 6:22 AM
I'll see what I can do
Thx for the suggestions tho

[redacted] 2025-12-23 6:22 AM
No problemo

[redacted] 2025-12-23 6:31 AM
Though, the mention of the backup VA, I already know who you are referring to and hones
part of her presence, the Archive Packs even tho I haven't updated yet, follows the same



Señor Yoshi 2025-12-23 6:38 AM
Let's say hypothetically she ended up being the VA for Amethia, would any of the sprites
2025-12-23 6:46 AM
The sprite ban applies even IF she ended up being the VA for Amethia too.
Though, you?
It honestly depends my guy, like if you went ahead and used the said sprites / edits WITH
lower level with the restrictions in mind and knowing how that purple woman scumbag's
if that said backup VA is still lurking about. Like I said, it depends.
Señor Yoshi 2025-12-23 6:47 AM
I see
Thanks for the heads up tho

This not only shows that he has defended a predator, but he’s fully associated with the said predator.

4. HIDING IN SERVERS TO AVOID ACCOUNTABILITY

‘Til this very day, Kool King Productions is hiding in servers to avoid accountability, we won’t be saying which servers he’s in, however, it is important to note that he is still out there, putting other minors and teens in danger.

He never seeked therapy, and has never taken a break, and is still out there ‘til this very day.

5. Conclusion

In conclusion, Kool King is a groomer that has shown he is irredeemable, has defended a dangerous predator, he had victim blaming his victim, and he is hiding out in servers to avoid taking accountability, he never seeked a therapist, he never gotten mental help, nothing.

This concludes what Kool King’s true colors are, we hope that this brings awareness to what he had done, and is still doing.
The decision is up to you, if you do decide to keep him after all of this, don’t say that we didn’t warn you.

Stay safe.
